

Go beyond the basics and take your kitchen's functionality to the next level with these upgraded features, bringing everything you need right to your fingertips.

### Roll-Out Trays

Our most popular accessory lets you easily view and reach anything stored in your cabinets—even in the back.

### Bottom-Mount Wastebasket Pull-Out

Upgrade your wastebasket pullout to a bottom-mount configuration for trash and recycling. Also available with optional Push-to-Open functionality!

### Utensil Pull-Out

Keep larger utensils handy yet off the counter, nicely organized instead of tangled in drawers.

### Wood Tiered Cutlery Divider

Double your storage space and keep your tableware organized with a tiered cutlery divider.

### Tiered Base Pots & Pans

Store pots and pans in deep drawers, and easily access lids in a second, separate tier.
